Ethan,

How is everything today? I hope your doing ok. We did laundry today & had a conversation with a man who was in the airforce & went to Vietnam in 1967-1968. He wore a hearing aid & was telling us about the VA hospitals. He had the best hearing aid possible & it didn't cost a dime, the VA hospital paid for everything. he takes blood pressure medicine, again it didn't cost him anything. He said once your are a veteran which you will be after 4 years, you don't pay for any medical situations. Also he said he has lost 40% of his hearing so the VA had him apply for benifits & he gets $600.00 per month for his disability. If he was to loose his hearing 100% he would get $3,000.00 per month. All psysical examps are free, medicines are free, flu shots are free, dental work is free, Everything medical is free. Just another future benifit for you.

So think of your future & stick it out, you can make it & it will help secure your future. The way medical cost are rising, let the government pay for your medical exspensies.

Ill close for now. Remember we love you very much + sure do miss you.

love Mom + Dad
